

RECYCLING PROGRAM CITY OF TOM BEAN

The City of Tom Bean has entered into a partnership with Waste Management for a recycling program. The details are as follows:

- All materials can be co-mingled...no need to sort the materials.
- Items that can be recycled are paper, food and drink cans made of tin, aluminum, or steel, and all plastic containers #1 through #7.
- All containers must be empty and rinsed free of food residue. Lids from cans must be placed inside the cans; labels do not need to be removed. Caps and lids from plastic containers should be removed and discarded.
- Example of some items that cannot be recycled include aluminum foil, pizza boxes, plastic grocery sacks, Styrofoam, and containers that held hazardous materials such as motor oil, pesticide, paint, or weed killer.
- Due to current circumstances with the commodities market, glass is not being accepted for recycling.
- **No shredding** paper to be placed in bags that are co-mingled with other items.

Location of drop off: 201 S. Britton (City Hall) BLUE DUMPSTERS
